

# Jess Klein, Little White Dove

Little White Dove  
My love, my love  
All that noise is a little white dove  
In my pocket, in my pocket  
Take it from me  
Otherwise Im gonna set that little dove free

Hearts break, birds fly  
La di da li li li  
Hearts break, birds fly  
They fly

I know, I know  
Youve been bit by a mean old crow  
Carried your heart, carried your heart  
Off in his beak  
So whats in your mouth, baby?  
Cmon, talk to me

Hearts break, birds fly  
La di da li li li  
Hearts break, birds fly  
La di da li li li  
Hearts break, birds fly  
Fly

Last night, last night  
Underneath the moonlight  
I asked the owl, asked the owl  
What to do  
He said you only need a love thats true

Hearts break, birds fly  
La di da li li li  
Hearts break, birds fly

So my love, my love  
All that noise is a little white dove  
In my pocket, in my pocket  
Take it from me  
Otherwise Im gonna set that little dove free  
Otherwise Im gonna set that little dove free  
Free, free  
Free, free
