

Jesse James, Shoes

its not the way you walk
its not the way you hold your fork
its not those stupid things u say and do when i cum in your face
the way u hold a ciggarette
the way u smilin when your wet
the way you make me cups of tea when i stay round at your place
its just those shoes you wear
its those shoes they turn me on
i dont choose to stair
so please dont get me wrong
i think your shoes can say alot
about who you are and who your not
so much more than your clothes or hats or trousers can
when i see you out in heel
then i know your not for me
buts its a different thing when your wearing condesoled studs
its just those shoes you wear
its your shoes they turn me on
i dont choose to stare
so please dont get me wrong
its those shoes u wear
its your shoes they turn me on
i dont choose to stare
so please dont get me wrong
its those shoes you wear
that has made us last so long
its those shoes you wear
its those shoes that turn me on
