## Jesse McCartney, Body Language

Ooo, that body's like music to my ear

Ooo, that body's like music to my ear

Ooo, that body's like music to my ear

'Cause what you want is right here

Oh she, oh she so international The way, the way she get it on the floor

I'm tryin', I'm tryin' to holler at you

I want to get to know you better

Parlez vous français?

Konichiwa

Come and move in my way

Hey, little chica from Guadeloupe

That thing you got behind you is amazing

Now, I don't speak Spanish, Japanese or French

But the way that body's talkin' definitely makes sense

It's her, her body, her body language

It's her, her body, her body, her body language

The way she moves around

When she grinds to the beat

Breaking it down articulately

It's her, her body, her body, her body language

It's her, her body, her body, her body

That make me want to say hey...('ey!)

Hey...('ey!)

Hey...('ey!)

It's her, her body, her body, her body language

C'mon

Shorty, let me whisper in your ear

Tell you everything you wanna hear

You got my vote: Hottest Girl of the Year

Let's have a celebration, baby

Parlez vous français?

C'mon

I'm lifting up my voice to say

You're the hottest girl in the world today

The way you shake

You got me losing my mind

You're banging like a speakerbox

Turn around; the party stops

Universal lady, let me take you away

Now, I don't speak Spanish, Japanese or French

But the way that body's talkin' definitely makes sense now

It's her, her body, her body, her body language

It's her, her body, her body, her body language

It's the way she moves around

Breaking it down articulately

It's her, her body, her body, her body language It's her, her body, her body, her body You make me want to say hey...('ey!) Hey...('ey!) Hey...('ey!) It's her, her body, body, body language C'mon
