

# Jesse McCartney, Gone

Go see what it's like to be with another guy  
Go try, baby find yourself another life  
You say you don't need me  
So baby, just leave me 'cause all of this pushin', pullin'  
It ain't right  
But before you go and blow off everything we had  
Remember there are somethings you can never take back

Chorus:

You're gonna miss me when I'm gone  
You're gonna feel what it feels like to be lonely, alone  
And When you see that I'm happy on my own  
That's when your jealousy will grow  
Baby, then you'll know that you never should've walked away  
You made a big mistake  
I'll be gone, gone, gone, gone  
I'll be gone, gone, gone, gone

What's gonna happen when you hear I'm out with someone else  
And you know that she has got me now  
Will you be sorry?  
By then I won't be sorry  
'Cause i see what you put me through come back around  
So before you go and blow off everything we had  
You better stop and realize that you'll never get me back

Chorus:

You're gonna miss me when I'm gone  
You're gonna feel what it feels like to be lonely, alone  
And When you see that I'm happy on my own  
That's when your jealousy will grow  
Baby, then you'll know that you never should've walked away  
You made a big mistake  
I'll be gone, gone, gone, gone  
I'll be gone, gone, gone, gone

Some doors open while other ones are closing  
So if you think I'll sit here waiting  
You better think again (x2)

Chorus:

You're gonna miss me when I'm gone  
You're gonna feel what it feels like to be lonely, alone  
And When you see that I'm happy on my own  
That's when your jealousy will grow  
Baby, then you'll know that you never should've walked away  
You made a big mistake  
I'll be gone, gone, gone, gone  
I'll be gone, gone, gone, gone, gone
