

Jesse McCartney, My Baby

My, my, my, my

She steps to the groove, her body in tune
She stops the whole room, she got to everybody
The red of her lips, so hard to resist
The curve to her hips, I gotta tell somebody

I'm helplessly falling into your eyes like whoa
I'm hopelessly in love for the first time like whoa

Gotta make ya my baby
Wanna make ya my baby
Gotta make ya my baby
Wanna make ya my baby
Gotta make ya my baby
Wanna make ya my baby
Gotta make ya my baby
My baby

She throws me a sigh, a wink in her smile
I stopped and I died, could she be looking at me
With nothing to prove, she's makin' her move
And as she walked through, leaned in to tell me somethin'

I'm helplessly falling into your eyes like whoa (whoa)
I'm hopelessly in love for the first time like whoa (whoa)

Gotta make ya my baby (yeah)
Wanna make ya my baby (ooh)
Gotta make ya my baby (yeah)
Wanna make ya my baby (my baby)
Gotta make ya my baby
Wanna make ya my baby
Gotta make ya my baby
Wanna make ya my baby
My baby

She took my hand and led me 'cross the dance floor
Everybody's watching like oh no
The kind of girl you could only ever pray for
All the cameras flashing like oh no no no no
And as we left together
She whispered something soft and sweet so right
She said "I'd love to love you all through the night"

I'm helplessly falling into your eyes like whoa (whoa whoa)
I'm hopelessly in love for the first time like whoa

Gotta make ya my baby (gotta make ya mine)
Wanna make ya my baby (gotta make ya mine, ooh)
Gotta make ya my baby
Wanna make ya my baby
Gotta make ya my baby (gotta make ya mine)
Wanna make ya my baby
Gotta make ya my baby (gonna make ya mine)
Wanna make ya my baby (gonna make ya mine)
My baby

Gotta make ya- my baby
Wanna make ya- my baby
Gotta make ya- my baby
Wanna make ya my baby
Gotta make ya- my baby
Wanna make ya- my baby

Gotta make ya- my baby
My baby
