

# Jesse McCartney, Relapse

Madd Scientist

I know it's time, I need to move on  
Everyone is sayin', I need to control the way I'm actin'  
The things that I'm doin' ain't good for me  
'Cause I know this time I'm really trippin'  
I know that it's deeper than what I'm feelin'  
And I realize she's bad for my health  
But it's too good just to walk away

She's got me in a daze, she's got me in a trance  
She's got me so thrown tonight, no, I need to recover

I keep fallin' back in love, and I know that this girl  
She's not the one for me  
And I know I'm only makin' it worse  
When I let her go, then I come back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave

When I feel like she's out of my system of hurt  
Somethin' pulls me in then I return to let her use me  
I care not how she do me as long as she's around

In my mind I see that I'm slippin'  
But I still can't seem to see the difference  
My heart is sayin' yes to go, body's sayin' no to it  
I need to get a grip on this

She's got me in a daze, she's got me in a trance  
She's got me so thrown tonight, no, I need to recover

I keep fallin' back in love, and I know that this girl  
She's not the one for me  
And I know I'm only makin' it worse  
When I let her go, then I come back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave

Every time I leave  
Every time I keep, I keep comin' back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave

I keep fallin' back in love, and I know that this girl  
She's not the one for me  
And I know I'm only makin' it worse  
When I let her go, then I come back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave

Every time I leave, every time I leave  
I keep comin' back every time I leave  
Every time I leave, every time I leave  
I keep comin' back every time I leave
