

# Jesse McCartney, Why Is Love So Hard To Find

Everyday, I look around  
Seems that no one's ever satisfied  
Could it be, that underneath  
We've all got something to hide?  
From the moment we arrive  
We want to fill the space inside  
We all need to feel alive  
[Chorus]  
If it's love that keeps us breathin'  
Gives us something to believe in  
Is it fear that makes us blind?  
Tell me, why is love so hard to find?  
If we hear so much about it  
And we can't go on without it  
Let the mystery unwind  
Tell me, why is love so hard to find?  
All I know is when you find it  
Even earth can feel like you're in heaven  
Tell me now, unlock the secret  
Help us all to find the hidden treasure  
From the moment we arrive  
We want to fill the space inside  
We all need to feel alive  
[Repeat chorus]  
Why is love so hard to find,  
Tell me why is love so hard to find?  
Why is love so hard to find,  
Tell me why is love so hard to find?  
(so hard baby)  
Don't you know I'm never gonna give up  
'Til I find the love?  
I'll be searchin' the whole world over  
To find my love...  
[Repeat chorus]
