

Jesse McCartney, You Get To My Heart

When i need someone to believe in
I turn to you
And you never let me down
You always come trough
And i just wanna thank you for
The way you make me feel
Baby you get to my heart
The deepest part
Girl i wanna be wereever you are
Only you know
Right where to go
Something i never had
Is taking control
It's your love from the start
You get to my heart
If in time
You don't know where to run to
Just come to me
I'll be here for you with all my heart
Be all that you need
Cuz someone like you is
One in a million it's true
Baby you get to my heart
The deepest part
Girl i wanna be wereever you are
Only you know
Right where to go
Something i never had
Is taking control
It's your love from the start
You get to my heart
Can't believe how long i've waited
Without you in my life
All i've ever wanted
I can see in your eyes
Baby you get to my heart
The deepest part
Girl i wanna be wereever you are
Only you know
Right where to go
Something i never had
Is taking control
It's your love from the start
You get to my heart
