

Jesse Powell, If I

i was so busy doing things
doing things that i wasnt supposed to and i
know u might not believe me baby
but i love u
to preach till forgive me
it was unintentional
that i made u cry
i want u to know that i
i apologize
and im praying thats its not too late

(chorus)
girl if i if i should lose you girl
if i cant make love to u girl
if i have thrown out love away
i dont know what im gonna do

i cant imagine it
i cant imagine my life without u
and i, i cant even find it
someone love in u
dont turn away from me
and leave me here down on my knees
without u im dying
wont u come save my life
now i realize
that ill never love the way
like i loved you

(chorus)

ohh i know
i know i was wrong
with you i belong
if our love is gone
how can i carry on ?
im so alone without u to hold
wont u come home

(chorus)
