

# Jesse Powell, Take My Breath Away

How could time be standin' still in place?  
So slowly, yet goes by so fast  
Strange but true, when I'm with you  
And every little step I take  
While I'm away from you baby  
Everything that I do  
Is leading me back to you  
Because when...

1 - When we're all alone  
You take my breath away  
When you hold me close  
You take my breath away  
When we're makin' love  
You take my breath away  
Somehow I know  
This is the love that I've been missing

I feel like I'm frozen in time  
Whenever your lips meet mine  
Everytime you touch me, I go out of my mind  
The passion I see in your eyes  
Has got me more than hypnotized  
Renders me defenseless girl  
I don't know what you do to me baby

Repeat 1

Inside your love  
I lose control when we're kissin' and huggin', yeah  
It's hard to express how I feel  
But what I feel is definitely real  
There's no need for me to try to conceal  
My love for you girl  
My heart just can't keep still

Repeat 1 to fade
