

# Jesse Spencer, Sheets Of Egyptian Cotton

Ships crossing like ghosts  
In the night  
Names are remembered  
Faces in sight  
Take what we can and  
Need to survive

Was exchanging kisses  
And you  
Leave me scars  
Feeling confused

I'll wait and see  
What unfolds  
Don't have what I need  
Girl now I love you so

Chorus:  
Na na na na na na na  
Sheets of Egyptian cotton  
Na na na na na na na  
Sheets of Egyptian cotton  
Na na na na na na na  
Sheets of Egyptian cotton  
Na na na na na na na  
Sheets of Egyptian cotton

Motionless raptures  
Reveal the give and take  
Become what's real  
Leave only the memories that  
We steal

Eyes passing glances  
For games  
What time remembers  
Seconds forget

I'll wait and see  
What unfolds  
Don't have what I need  
Girl now  
I love you so

Chorus

Let your feelings reveal  
The naked truth  
Come unveil what I need  
Cause you know I needed to  
Now my feeling is ready  
To uncover you  
I wanna feel my warmth  
Near close to you  
Girl don't you be so cold

Chorus
