

Jessica Andrews, Cowboy Guarantee

There were signs all over town
Come see the rodeo
And when I saw those fairground lights
Shining
I knew I had to go
There were bulls and wild horses
Barrels and clowns
Rhinestones and glitter sparklin
And cowboys around
But there was one I never will forget

He was wild as a tumbleweed blowin
Restless like a river runnin free
When he smiled I knew my heart would be
Broken
He was gonna leave, Thats the cowboy guarantee

That night we got together
We drove out to the lake
Beneath the stars and Texas moonlight
I gave my heart away
But you cant tame a river
And I wouldnt want to try
Cause it was worth all the hurtin
To know that for one night
I was loved, like Id never been before

He was wild as a tumbleweed blowin
Restless like a river runnin free
When he smiled I knew my heart would be
Broken
He was gonna leave, Thats the cowboy guarantee
