

Jessica Andrews, You're The Man (That Brings T

Sittin' here all by myself
With my heart up on the shelf
This house don't feel like home to me
I watch the clock up on the wall
Time stands still that's all
When you're out of reach I guess you could see
But since you went away
I've been feeling this way
What I really wanna say
I wanna see you
I wanna be with you
I wanna feel you
Put my arms around you
When I hold you
Won't let go of you
Baby if I could kiss you, I'd make love to you
'Cause I need you like I've never needed anybody
Oh baby can't you see
You're the man that brings the woman out of me
I took a walk out in the rain
Loney nights all feel the same
With each goodbye I'm closer to you
And though the miles pull us apart
We both knew it from the start
Together we can make it through
Every minute that you're gone
Is a minute too long
Right here's where you belong
I wanna see you
I wanna be with you
I wanna feel you
Put my arms around you
When I hold you
Won't let go of you
Baby if I could kiss you, I'd make love to you
'Cause I need you like I've never needed anybody
Oh baby can't you see
You're the man that brings the woman out of me
When we are together
It's like nothing that I've ever
Felt before when you lay your hands on me
It's lightning and it's thunder
This sweet spell that I'm under
Baby, you're all that I need
I wanna see you
I wanna be with you
I wanna feel you
Put my arms around you
When I hold you
Won't let go of you
Baby if I could kiss you, I'd make love to you
'Cause I need you like I've never needed anybody
Oh baby can't you see
You're the man that brings the woman out of me
