

# Jessica Garlick, Come Back

We've both made the same mistakes  
And believe me I know it  
I've come to depend on you  
In my eyes, can you see  
That someone's still hurting me?

What can I say  
That will make up  
For letting you down?  
I just want you to know so

Come back  
If you love me  
How will I survive without you?  
Baby come back  
If you need me  
Baby I was strong  
And I tried to pretend but  
Always in my heart  
I know that I want you  
Come back

Tomorrow's another day  
Still I can't believe that I told you  
And that was my big mistake  
Every hour, every day  
What can I do to make it through?

Oh, the days seem so long  
I miss you so bad  
It's breaking my heart, so

Come back  
If you love me  
How will I survive without you?  
Baby come back  
If you need me  
Baby I was strong  
And I tried to pretend but  
Always in my heart  
I know that I want you  
Come back

Before you break my heart
