

Jessica Mauboy, Now I Know

[Chorus]

But now i know, but now i know but now i know,
that you mean nothing to me.

Just let it go, just let it go, just let it go, and don't come running to me.
Cause you were the one who always had someone waiting on the side.
And you were always acting like you had something to hide.
But now i know, but now i know but now i know, heyyyy.

[Verse 1]

Thought i heard somebody say they saw you the other day
I'm thinking thats kinda funny cause you said you're at the game.
Didnt wanna bother you by asking you questions cause asking questions
Means that pleasing you of things you said you never do.
"I never lied to you" - that's what you'd always say,
And all the loving i gave you, bring it bring it bring it back.

[Bridge]

And all the things i do for you,
And then you turn around and tell me you don't wanna talk about it
(You don't wanna talk about it)

[Chorus]

But now i know, but now i know, but now i know that you mean nothing to me.
Just let it go, just let it go, just let it go, and don't come running to me.
Cause you wre the one who always had someone waiting on the side
And you were always acting like you had something to hide.
But now i know, but now i know, but now i know.

[Verse 2]

Now I'm feeling like a fool cause I was depending you
When everybody's talking and talking about how you playing me.
Don't know what I was thining making you my everythin
And everything you made me believe was nothing but untrue.
But Now I see right through you, don't know what I mean to you.
I'd like to see how you'd be if i wasn't with you.

[Bridge]

All the things i do for you and then you,
Turn around and tell me you don't wanna talk about it
(I don't wanna talk about it)

[Chorus]

But now i know, but now i know, but now i know that you mean nothing to me.
Just let it go, just let it go, just let it go, and don't come running to me.
Cause you were the one who always had someone waiting on the side
And you were always acting like you had something to hide.
But now i know, but now i know, but now I know.
