

Jessica Sutta, If I Was a Men

If I was a man
Just for a day
I'd take my time on you
That's what a man would do
If I was a man
Just for a day
And once I had my way
I'd get up, get up and walk away
Uhh, Monday night
Tuesday night
Friday night
Every night
Why?
Cause I can
New York and Japan
Put the stuff up in the land
After all...
I'm a man
I'll get to know your family
Get your friends to fall in love with me
Just happens all so easily
Ea-si-ly
I'll have you think that I'm the one
You play the part I play along
We can have a lot of fun
Until I'm done
If I was a man
For a day if I was a man
If I was a man
For a day if I was a man
I turn it on
Turn it off
Tuturn out
Turn it up
Why?
Cause I can
It's no sweat
Give the check
Show respect
Don't forget you're paying later
That's the plan
I'll get to know your family
Get your friends to fall in love with me
Just happens all so easily
Ea-si-ly
I'll have you thinking I'm the one
You play the part I play along
We can have a lot of fun
It's the plan
If I was a man
For a day if I was a man
If I was a man
For a day if I was a man
If I was a man
Just for a day
I'd take my time on you
That's what a man would do
If I was a man
Just for a day
And once I had my way
I'd get up, get up and walk away
If I was a man
For a day if I was a man
If I was a man

For a day if I was a man
If I was a man
For a day if I was a man
If I was a man
For a day if I was a man
Oooohhh Oooohhh
I'd take my time on you
That's what a man would do
Oooohhh Oooohhh
And once I had my way
I'd get up, get up and walk away
Oooohhh Oooohhh
I'd take my time on you
That's what a man would do
Oooohhh Oooohhh
And once I had my way
I'd get up, get up and walk away
