

# Jessie J, Big White Room

Sitting in a big white room alone,  
Tilt my head back, feel the tears fall down.  
Close my eyes to see in the dark,  
I feel young, broken, so so scared. (mmm)  
I don't wanna be here anymore,  
I wanna be somewhere else,  
Normal and free, like I used to be. oh  
But I have to stay in this big white room,  
With little old me...

[x2:]  
I'm going crazy,  
I'm losing my mind.  
I'm going crazy,  
In this big white room of mine.

Sitting in the big white room alone,  
Close the door,  
Don't want the pain to come in.  
(No no no no no no)  
I clench my fist,  
And try to stay strong.  
I cry, feel sick.  
My heart is beating out of control.  
Can I run more faster than you?  
I wanna feel my body again,  
Feel the wind in my hair, yeah.  
But I have to stay in this big white room,  
'Cause no one else cares. (no no no no no no no oh)

[x2:]  
I'm going crazy,  
I'm losing my mind.  
I'm going crazy,  
In this big white room of mine.

[x2:]  
Everybody's looking at me,  
Everybody's staring at me.  
What do I do now?  
Smile. Yeah Yeah

Oh oh oh oh oh oh oh oh

[x2:]  
I'm going crazy,  
I'm losing my mind,  
I'm going crazy,  
In this big white room of mine
