

Jessie J, Strip

Don't want your money, don't need your gold,
Or all the fancy, the cars you own.
Dripping in diamonds, that's all you've known,
Did you mistake me, for a hoe?

So why you're talking me up,
You're only letting me down,
I'm gon' have to interrupt,
like woah.
'Coz honey I ain't your bitch,
You need to turn it around,
I think it's time for a strip.

Show me your love and stay up all night,
Tell me your secrets, and not your lies,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.
This could be love if your blow my mind,
Oh don't you dare give me your disguise,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.

You think it's flashy, the things you do,
I call it trashy, and fucking rude.
You say you want me, well here's a clue,
Stop tryna fake it, and just be you.

So why you're talking me up,
You're only letting me down,
I'm gon' have to interrupt,
like woah.
'Coz honey I ain't your bitch,
You need to turn it around,
I think it's time for a strip.

Show me your love and stay up all night,
Tell me your secrets, and not your lies,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.
This could be love if your blow my mind,
Oh don't you dare give me your disguise,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.

strip, strip, strip, strip [x4]

Show me your love and stay up all night
Take it all off, what you've got inside

Show me your love and stay up all night

Show me your love and stay up all night,
Tell me your secrets, and not your lies,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.
This could be love if your blow my mind,
Oh don't you dare give me your disguise,
Take it all off, what you've got inside,
Baby, strip, strip, strip, strip, strip, strip.
