

# Jessie Reyez, Fraud

Boy you're such a fucking fraud  
Your lies they go on and on  
Play the prince to fall and then you switch like a chameleon  
Cuz you such a fucking fraud  
Bitch ass you a fucking dog  
I heard you got a new bitch  
Bet she don't know who she fucking dog  
You're just another suit sucking the flute  
Singing that la di da  
Making it look cute  
But she got no clue what you're running from  
Compulsive lying tendencies  
And how you play with alcohol  
Real talented at networking  
Real talented at breaking hearts  
Worried about your paper huh  
But the second shit goes left  
And I'm a mess and I'm depressed  
You're the first to say you taking off

Real Loyal (loyal)  
What the fuck you know about loyalty  
Or promises or calling back or ownership or honesty  
Real Loyal (loyal)  
You know all about planting seed with bitches there was tension with DMing once I fell asleep  
Real Loyal (loyal)  
Oh you're such a fucking fraud  
Your lies they go on and on and on

Hands high if you love somebody that don't love you back  
Love you back  
Hands high if you know that they're no good for you

Hands high if you love somebody that don't love you back  
Love you back  
Hands high if they're no good for you

Such a fucking fraud

Oh you such a fucking fraud  
They thinking you're my body guard  
Meanwhile you're the one that's been hurting me from the fucking start  
Oh you such a fucking fraud  
I let you through my fucking walls  
Just so you could break me and make money  
off my fucking scars  
Now I'm supposed to watch you be a better man to women who don't understand what It's like to s  
When your teammate is your teammate and your enemy too  
But the lies don't hurt as bad as the memories do  
So I'd rather see it through instead of cutting you loose  
Cuz a promise is a promise

Real Loyal (loyal)  
Cause what the fuck you know about loyalty  
Or promises or calling back or ownership or honesty  
Real Loyal (loyal)  
You know all about planting seed with bitches there was tension with DMing once I fell asleep  
Real Loyal (loyal)  
Oh you're such a fucking fraud  
Your lies they go on and on and on

Hands high if you love somebody that don't love you back  
Love you back  
Hands high if you know that they're no good for you

No good for you no good for you

Hands high if you love somebody that don't love you back

Love you back

Hands high if they're no good for you

Love you back love you back
