

# Jessie Ware, Free Yourself

Free yourself

Keep on moving up that mountain top

Why don't you please yourself?

If it feels so good then don't you, baby don't you

Stop, don't stop, don't stop

Baby, don't you

Don't stand there waiting all of your life

For the night to come and find you

The clock is ticking, baby, now is the time

For someone to come and hold you

You are a name, not a number

Extraordinary colors

Don't ya hide undercover, baby

Free yourself

Keep on moving up that mountain top

Why don't you please (please) your (your) self?

If it feels so good then don't you, baby, don't you stop

Don't stop, don't stop

Baby, don't you

No complications, distractions

Reactions, no retractions

Only obsessions, motivations

Investigations, there's new information

You are a name, not a number

Extraordinary colors

So, don't you hide under covers, baby

Free yourself

Keep on moving up that mountain top

Why don't you please (please) your (your) self (self)?

If it feels so good, then don't you stop

Free (free) your (your) self (self)

Keep on moving up that mountain top

Why don't you please (please) your (your) self (self)?

If it feels so good, then don't you, baby don't you stop

Don't stop, don't stop

Baby, don't you

If you feel it (ah), if you feel it take it (over)

If you feel it (ah), if you feel it take it (over)

If you feel it (ah), if you feel it take it (over)

If you feel it (ah), if you feel it take it (don't tease me)

If you feel it (don't), if you feel it take it (don't tease me)

If you feel it (don't), if you feel it take it (don't tease me)

If you feel it (don't), if you feel it take it (don't tease me)

If you feel it (don't), if you feel it take it

You've got to free yourself

Keep on moving up that mountain top

Why don't you please (please) your (your) self (self)?

If it feels so good then don't you stop

Free (free) your (your) self (self)

Keep on moving up that mountain top

Why don't you please (please) your (your) self (self)?

If it feels so good, then don't you, baby don't you stop

Don't stop, don't stop

Baby, don't you
