

# Jester, Ruins

Castles fall around my ears  
Where is she now  
I'm alone in my fears  
And I'm crying out loud  
Kingdoms fall down  
There's nowhere to hide  
I am trapped without you  
Too scared to fight.....Without you  
And I'll be here  
In the ruins  
Waiting for you  
Come save me  
Please hurry  
It's getting cold  
I'm lying here  
I'm oh so scared  
And where are you know  
I'm not sure  
I think I'm dying  
Lying here on the floor
