

# Jesus And Mary Chain, Bullet Lovers

sung by Jim

written by William

Black as night black as life

Hungry for some of that easy life

Stoney cold and a twistin' moon

Live it fast you're gonna get there soon

Look out world 'cause we know how to fight

Someone's gonna get shot tonight

Black eyed blonde and a blonde eyed black

Come from hell and we won't be back

I'm in your blood and I'm in your bones

Better dead than to be stuck alone

Look out world cause here she comes

Suckin' on her painted thumbs

Hey, it's ok I will never go away

Hey, it's alright when the

day turns into night
