

Jesus And Mary Chain, Take It

sung by Jim

She could take my time and that's okay

You got to get right down and show me what's the way

I got what she gives me and that's okay

Shake up baby and wake up to what is real

Stand up tall to shout out what she feels

What she don't she don't have time to steal

I got what she gives me and that's okay

She gives me what I need and that's okay
