

Jesus Jones, Need To Know

i need to know
what will make us happy?
and i need to know
will you always love me?

i need to know
where on earth is elvis?
i need to know
why you even listen to this

'cause it's no good
taking second best

i need to know
where all the energy goes
and i need to know
are there really U.F.O.s?

'cause it's no good
taking second best
it's no good
when you put it to the test

i need to know
will i really go to hell?
i need to know
if we only cry for ourselves

i DON'T need to know
who kill laura palmer?
i need to know
what's the winning formula?

'cause it's no good
taking second best
it's no good
when you put it to the test
