

# Jesus Jones, Need To Know

i need to know  
what will make us happy?  
and i need to know  
will you always love me?

i need to know  
where on earth is elvis?  
i need to know  
why you even listen to this

'cause it's no good  
taking second best

i need to know  
where all the energy goes  
and i need to know  
are there really U.F.O.s?

'cause it's no good  
taking second best  
it's no good  
when you put it to the test

i need to know  
will i really go to hell?  
i need to know  
if we only cry for ourselves

i DON'T need to know  
who kill laura palmer?  
i need to know  
what's the winning formula?

'cause it's no good  
taking second best  
it's no good  
when you put it to the test
