

Jet, Eleanor

If you close your eyes
You will see yourself
All this time I spent running away
Was a waste of time

Stay with me Eleanor
Stay with me Eleanor
Love's in your hands I swear
Love's in your hands

When that train rolls by
I will save your life

Stay with me Eleanor
Stay with me Eleanor
Love's in your hands I swear
Love's in your hands I swear

Stay with me Eleanor
Stay with me Eleanor
Love's in your hands I swear
My love's in your hands

There's no reason to feel a love misgiven
No reason to be holding you
No reason to be holding you, you
No reason to be holding

Stay with me Eleanor
Stay with me Eleanor
My Love's in your hands I swear
My Love's in your hands I swear

Stay with me Eleanor
Stay with me Eleanor
My Love's in your hands I swear
My Love's in your hands I swear
