

Jettie, One Dance

Oh, "nothing" she said,
And then she turns,
When your hands want

Oh, "nothing" she said,
And then she turns,
When your hands want hands...

Hands then she walks up to you,
She knows what to do
She knows where to start
You got one dance!

And all nights have to end
She said "check those lines in my hands",
And in my head, when you dance
I can't help caressing thoughts,
When my hands want hands

You've got it all,
You've got me, now
With your perfect cuts

Oh "nothing" she said
And then she turns,
When your hands want

Oh "nothing" she said
And then she turns,
When your hands want hands
