

Jewel, Weeping Tree

Don't cry pretty girl
Do as you're told to
Don't (? ? ?) memories just because it hurts you
There's a stranger's silhouette
Had it's way with you
Because it wanted to

Don't worry
Ain't damaged (? ? ?) yet
Don't let it haunt you
Just stand out in the rain
Until you're made whole again
The (? ? ?) under the moon

Weeping tree
Under the weeping tree
Underneath the starry sky
You're just a stranger

Tut tut, shh
Ain't it embarrassing
To be yesterday's lover
To stand out in the rain
Until you're made whole again
(? ? ?) you'll see
Under the weeping tree
Under the weeping tree
