

Jewel, Winter Song

Turn to me with frozen lips
Your hands are icy cold
Your eyes burn bright
Against the frost lit sky
You never seemed more lovely than you do tonight
Pale on the horizon
Like leaves frozen in the snow
Two bodies merging seperately
Time stands still
If its pierced with cold

Chorus:

The Moonlight hears
The Moonlight knows
What's simple is true
And I love you
Theres a warmth in my heart
It haunts me when you're gone
Mend me to your side
And never let go
Time knows nothing
We'll never grow cold
The Moonlight hears
The Moonlight knows
What's simple is true
And I love you
The twilight descends
On our sillouhettes
How soon Spring comes
How soon Spring forgets
I wanna stop time
Say "It'll never begin"
Old Man Winter be our friend
Old Man Winter be our friend
The Moonlight hears
The Moonlight knows
What's simple
