

Jibe, Fade

Come into another day with me
Share this space, this love, this energy
Look beyond the surface through these eyes
Unleash the secrets held within your mind
I'll never let this fade away
Just say you'll stay another day

Show me everything there is to see
I'll give you anything you want from me
Kiss the breath you breathe and come inside
Taste the scars left from a thousand lies
I'll never let this fade away
Just say you'll stay another day
I'll never let this fade away
Just say you'll stay another day
Go!

Fade into you
Fade into me
Fade into you
Fade into you, fade into me

I'll never let this fade away
Just say you'll stay another day
I'll never let this fade away
Just say you'll stay another day
