

# Jibe, Yesterdays Gone

You found me on the ground  
Broken down and left for dead  
I found you all unwound  
Saying things that need to be said  
I dont wanna wait till tomarrow

Yesterdays Gone  
Tomarrow Never Knows  
Today Will never be the same again  
Were back from the dead  
And out on our own  
Today will never be the same again

Surround you  
Words unbound  
Spilling thoughts inside your head  
Surrounds me  
Whats that sound  
Lost and I was found you brought me back again  
I dont wanna wait till tomarrow

(Chours)

(AWSOME GUITAR SOLO)

I dont wanna wait till tomarrow  
I dont wanna wait

(chours..2x)

Today will never be the same.
