

# Jill Sobule, I Kissed A Girl

Jenny came over and told me about Brad  
He's such a hairy behemoth she said  
And dumb as a box of hammers  
But he's such a handsome guy  
And I opened up and I told her about Larry  
And yesterday how he asked me to marry  
I'm not giving him an answer yet  
I think I can do better

CHORUS:

So we laughed, compared notes  
We had a drink, we had a smoke  
She took off her overcoat  
I kissed a girl  
I kissed a girl

So she called home to say she'd be late  
He said, he worried but now he'd feel safe  
I'm glad you're with your girlfriend,  
Tell her "Hi" for me  
then I looked at you, you had guilt in your eyes  
But it only lasted a little while  
And then I felt your hand above my knee

CHORUS:

And we laughed at the world  
They can have their diamonds  
And we'll have our pearls  
I kissed a girl  
I kissed a girl

I kissed a girl, her lips were sweet  
She was just like kissing me  
I kissed a girl, won't change the world  
But I'm so glad  
I kissed a girl

And we laughed at the world  
They can have their diamonds  
And we'll have our pearls  
I kissed a girl (for the first time)  
I kissed a girl (and I may do it again)  
I kissed a girl  
I kissed a girl

I kissed a girl, her lips were sweet  
She was just like kissing me (but better)  
I kissed a girl

I kissed a girl, won't change the world  
But I'm so glad  
I kissed a girl (for the first time)  
I kissed a girl (won't be the last time)  
I kissed a girl  
I kissed a girl
