Girl you move like an animal
Way you moving is so wild
Say nobody can handle you
I'll show you how it goes down (Oh)
And I just wanna take you home
Hear my gun as it goes pow
I'll be putting your lights out yeah

And nobody can move the way you do (let's go)
Nobody can love you like I do

Till the sunrise
Till the what, Till the what (x2)
Till the sunrise
Till the what, Till the what (x2)

As I'm watching you go wild

I wanna see you go down
And we coming with guns blazing
