

# Jim Ed Brown & The Browns, Sky Princess

Though you became a star  
Used to a twinkle in his heart  
Every night little sky princess  
You're living on a cloud that  
Will fall to the ground some day  
Little sky princess

Go on with your career  
Don't worry bout him dear  
He's doing okay  
You live a life of gaiety  
That isn't reality  
I hope you'll realize someday.

--- Instrumental ---

Though you became a star  
Used to a twinkle in his heart  
Every night little sky princess  
I wonder if he calls you on the phone  
Would you be alone  
And be proud to hear from him.

Remember he's the little guy  
Who have to get up to the sky  
And he'll always be sorry  
For the twinkle in his eye  
Will stop twinklin' by and by  
If you don't come down sky princess.
