

# Jim Noir, Key Of C

Oh little C  
What you doing to me?  
When will we fall apart?  
Oh little C  
I just want you to leave  
You make me so predictable

[Chorus:]  
I want to be in the Key of C  
It's easier to play it  
I want to be in the Key of C  
Whichever way I lay it

Right next to B  
Looking up at me  
I thought that A was the start  
Right next to B  
What you doing to me?  
You're messing with my art

[Chorus]  
I want to be in the Key of C  
It's easier to play it  
I want to be in the Key of C  
Whichever way I lay it

I want to be in the Key of C...

[Chorus x2]  
I want to be in the Key of C  
It's easier to play it  
I want to be in the Key of C  
Whichever way I lay it

I want to be in the Key of C...
