

# Jim Reeves, According to My Heart

According to my heart you're the one for me  
The one love of my life is here when you're with me  
If someone stole your love my heart would beat no more  
For you're the one my heart is always longing for  
Though I don't know the reason why my dreams don't turn out right  
Still I'll keep listening to my heart who knows someday they might  
For according to my heart the future will be bright  
And every day I pray that my heart knows what's right  
[ fiddle - steel ]  
According to my heart...
