

Jim Reeves, All Dressed Up and Lonely

I put your favorite suit on and the tie that you loved so
I'm all dressed up and lonely with no place to go
I could go to a movie but in almost every show
You see a happy ending and that would hurt me so
I'll just stay at home and make believe that you are by my side
And when it's time to say goodnight I know that I will cry
So I'll just kiss your picture and the tears will fall I know
I'm all dressed up and lonely with no place to go
[guitar - flute]
I'm all dressed up and lonely with no place to go
(All dressed up and lonely) with no place to go
