

# Jim Reeves, I'll Tell The World I Love You

I'll tell the world I love  
I'll tell the world I care,  
For ev'ry time I need you  
I always find you there.  
You've been my inspiration  
You've my guiding light  
And when you walk beside me,  
I feel ev'rything is alright.  
As sweet as the sunset at evening,  
As true as the stars on high  
You've made my life forever,  
Nothing but a clear blue sky.  
Never a reason to doubt you,  
Credit where credit is due,  
I'll shout it to the whole world  
I'll tell the world I love you.  
Repeat last verse.
