

Jim Reeves, I Love You More

(I love you more, love you more)
(Love you more, love you more)

I love you more than every wave that breaks upon
Some far and distant lonely island shore
I love you more than every drop of rain that falls
With every drop that falls I love you more.

At night I watch the moon on high
And count the stars up in the sky
For every star that shines tonight
My love for you is just as bright.

I love you more
Forever I'll be true to you
I know you'll always love me true
Forever more.

--- Instrumental ---

At night I watch the moon on high
And count the stars up in the sky
For every star that shines tonight
My love for you is just as bright.

I love you more
Forever I'll be true to you
I know you'll always love me true
Forever more...
