

Jim Reeves, One Dozen Roses

Give me one dozen roses
Put my heart in beside 'em
Send them to the one I love
She'll be glad to receive 'em
And I know she'll believe 'em
There's something we've been talking of.

There may be orange blossoms later
I think that there will
She's done something to me
And my heart won't keep still.

Give me one dozen roses
Put my heart in beside them
Send them to the one I love.

Send them to the one I love...
