

# Jim Reeves, The One That Got Away

Out with someone new,  
Almost every day  
People look at me  
I can hear them say  
He's so lucky he has  
Everything going his way.

I can't let them know  
That I really don't  
I'm not with the one  
That I really want  
And I'm still in love  
With the one that got away.

The one that got away  
Took all my love not just a part  
The one that got away  
Got away with my heart.

If we chance to meet  
On some lonely street  
And I pass you by  
Without a word to say  
I'm just thinking  
'Bout the one that got away.

--- Instrumental ---

If we chance to meet  
On some lonely street  
And I pass you by  
Without a word to say  
I'm just thinking  
'Bout the one that got away...
