

Jim's Big Ego, Little Miss Communication

Huh uh Huh uh Huh uh uh uh uh uh
Huh uh Huh uh Huh uh uh uh uh uh

She says "do you want to go out?"
I say "that's a nice idea."
She says "it's just like you to go away and leave me here"
I say "do you want to stay home?"
She says "where would we go?"
I say "I dunno I dunno I dunno I dunno I dunno" but

That's why I just fell in love with Little Miss Communication
She makes everyday a new adventure in interpretation
and I want to be Herman
but she wants me to be Fred?
and she opens my good fortune that's why
everything is better in bed.

Huh uh Huh uh Huh uh uh uh uh uh
Huh uh Huh uh Huh uh uh uh uh uh

She calls up the psychics
to find out what our fate is
they say "Self Contained Underwater Breathing Aparatus"
I say "what's that got to do with Zonker Cousteau?"
they say "I dunno I dunno I dunno I dunno I dunno" but

That's why I just fell in love with Little Miss Communication
She makes everyday a new adventure in interpretation
and I want to be Herman
but she wants me to be Fred?
and she opens my good fortune that's why
everything is better in bed.

She's leaving me
I see her walking away
she's leaving me
pullin' out her phone
she's leaving me
and she calls me up to say "don't forget: it's vanilla almond swirl"
she's my girl

and That's why I just fell in love with Little Miss Communication
She makes everyday a new adventure in interpretation
and I want to be Herman
but she wants me to be Pete?!
and she smashes all my cookies and it's funnier
between the sheets

and That's why I just fell in love with Little Miss Communication
She makes everyday a new adventure in interpretation
and I want to be Herman
but she wants me to be Fred!
and she opens my good fortune that's why
everything is better in bed.
