

# Jim's Big Ego, Lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky you left me

I think I'm better off this way

I'm lucky you left me

although I wanted you to stay

I'm lucky you left me

I don't cry a lot at night

I'm lucky you left me

don't worry darling

I'm alright

When first you went away I thought my days and nights were forever gonna SUCK

But now with just a little time I can see my future brightening up

Cause the truth is:

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky you left me

I know I'll never be the same

I'm lucky you left me

I feel a little sorry for what's his name

I'm lucky you left me

Because hey, you really were a \*bleep\*

I'm lucky you left me

and I no longer want to scratch

that itch

Now here's the part of the song where you'd expect to find a little IRONY

about how I'd really much rather have you back... SORRY

Cause the truth is:

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky

I'm lucky you left me

unfaithful and untrue

I'm lucky you left me

every day I forget a little more about you

I'm lucky you left me

I think I'm better off alone

I'm lucky you left me

darling please

DON'T COME HOME

DON'T COME HOME

DON'T COME HOME

DON'T COME HOME

don't come home.
