

# Jimmie's Chicken Shack, Blood

Just how far is too far away  
Will you share your blood with me  
I'll share mine with you after all the warning  
know that i'm not better still  
I'm begging still let's risk it here we go

Its in my blood

Just how far is far away  
Will you bare your blood with me  
Prepare mine with you After all the worry  
know that I'm not better still  
I bed to kill lets risk it here we go

Its in my blood

We'll not forget the way time hesitates  
I will not forget the fear of sore eyes  
will not forget the way time  
hesitates to kill my friends Its simlpy reality

I know everytime I kill myslef  
I know everytime I kill myslef  
I'll do anything fullfill myself  
I know everytime I kill myslef

Will not forget the way  
I know everytime I kill myself  
will not protect the spirit with more lies  
we'll not regret or sway  
I'll do anything to foolfill myself  
will not forget the fever which grows strong
