

# Jimmy Buffett, Lucky Star

By: peter mayer and roger guth

Woke up just the other day  
Fell out of bed and my dog ran away  
Car won't start and the weather was cold and gray

I got stuck in a traffic jam  
My major meeting didn't go as I planned  
Looks like it's gonna be another one of those days

(chorus)  
I got a roof over my head  
Someone to love me in a 4 poster bed and  
I can play this here guitar and  
Thank my lucky stars

Politicians speak and it makes me ill  
People are dying just for a thrill  
Maybe it's just evolution gone astray

The climate's too hot, music's gotten cold  
I'm living like a health nut but I still grow old

You do what you can on the edge of the milky way

(chorus)  
Gonna thank my lucky stars

Wrapped up in the problems of the day  
Just remember there's no rewind and no replay  
So don't you worry cause it ain't gonna fix a thing

(harp)

Woke up just the other day  
Thought that maybe I'd be ok  
Cause the story I'm been getting ain't written anywhere

(chorus)  
Gonna thank my lucky stars

(chorus)  
Gonna thank my lucky stars  
Thank you stars
