

Jimmy Buffett, Middle Of The Night

(Jimmy Buffett, Will Jennings, Art Neville, Mike Utley)

Middle of the night
Hold on til morning
We will see the light
Love is spawning
Middle of the night
Hold on forever
We will get it right
All together

When will we listen
When will we ever learn
Read all about it
This tide has got to turn

Old folks and babys
Crying in the storm
I try to tell them
Soon they'll be safe and warm

Lord let us out of this hall full of mirrors
Make it all clearer
Don't let us fall
In the middle of the night

Middle of the night
New voices calling
Saying it's alright
I'm not falling
Middle of the night
Halfway till morning
Middle of my life
New days dawning
