## Jimmy Dean, Hang Your Head In Shame

Don't your conscience ever bother you everytime you hear my name Well you should go somewhere hide your face and hang your head in shame Yes someone came along and took my place and you gave me all the blame You should go somewhere and hide your little face and hang your head in shame [ fiddle ]

Yes someone came along and took my place and you gave me all the blame Oh you should go somewhere and hide your little face and hang your head in shame And hang your head in shame
