

# Jimmy Dean, Time Changes Everything

There was a time when I thought of no other and we sang our own love's refrain  
Well our hearts beat as one as we had our fun but time changes everything  
When you left me my poor heart was broken and our romance did seem all in vain  
But the dark cloud have gone there's blue skies again cause time changes everything  
Well time has passed then I've forgot you mother nature does wonderful things  
Well I guess now that it's true for me and for you time changes everything  
You can change the name of an old song arearrange it and make it swing  
I thought nothing could ever stop me from loving you but time changes everything
