

# Jimmy Eat World, Drugs Or Me

Stay with me  
You're the one I need  
You make the hardest things  
Seem easy

Keep my heart  
Somewhere drugs don't go  
Where the sunshine slows  
Always keep me close

If only you could see  
The stranger next to me  
You promise you promise that you're done  
But i cant tell you from the drugs

Don't let go  
Well dig a great big hole  
Down an endless hole  
We'll both go

You're so blind!  
You can't save me this time  
Hope comes from inside  
And I feel so low tonight

If only you could see  
The stranger next to me  
You promise you promise that you're done  
But I can't tell you from the drugs

I wish you could see  
This face in front of me  
You're sorry you swear it you're done  
But I can't tell you from the drugs

(Ohhhh)  
(Ohhhh)

(take me) I need your help  
(so far away) To pull me up take the wheel  
(take me) Out from me  
(so far away) Out from me

(Take me) If only you could see (I need your help)  
(So far away) The stranger next to me (To pull me up take the pain)  
(Take me) You promise you promise that you're done (Out from me)  
(So far away) But I can't tell you from the drugs (Out from me)

(Take me) I wish that you could see (I need your help)  
(So far away) This face in front of me (To pull me up take the wheel)  
(Take me) You're sorry you swear it you're done (Out from me)  
(So far away) But I can't tell you from the drugs (Out from me)

Keep my heart  
somewhere drugs don't go  
Where the sunshine slows  
always keep me close
