

Jimmy Eat World, Drugs Or Me

Stay with me
You're the one I need
You make the hardest things
Seem easy

Keep my heart
Somewhere drugs don't go
Where the sunshine slows
Always keep me close

If only you could see
The stranger next to me
You promise you promise that you're done
But i cant tell you from the drugs

Don't let go
Well dig a great big hole
Down an endless hole
We'll both go

You're so blind!
You can't save me this time
Hope comes from inside
And I feel so low tonight

If only you could see
The stranger next to me
You promise you promise that you're done
But I can't tell you from the drugs

I wish you could see
This face in front of me
You're sorry you swear it you're done
But I can't tell you from the drugs

(Ohhhh)
(Ohhhh)

(take me) I need your help
(so far away) To pull me up take the wheel
(take me) Out from me
(so far away) Out from me

(Take me) If only you could see (I need your help)
(So far away) The stranger next to me (To pull me up take the pain)
(Take me) You promise you promise that you're done (Out from me)
(So far away) But I can't tell you from the drugs (Out from me)

(Take me) I wish that you could see (I need your help)
(So far away) This face in front of me (To pull me up take the wheel)
(Take me) You're sorry you swear it you're done (Out from me)
(So far away) But I can't tell you from the drugs (Out from me)

Keep my heart
somewhere drugs don't go
Where the sunshine slows
always keep me close
